
HEAD DETAIL

SILL DETAIL

The window frame can be delivered and installed alongside the Trimapanel® allowing the elevation to be completed without delay.

The window can be fitted from the inside at a later date, providing flexibility and time savings to the build program.

Framing clips and seals secure the window in place. These sections can be removed to allow replacement of the glazing element.

©Tata Steel UK Limited.

Trimapanel® U-values

Depth 70 = 0.31 W/m²K.
Depth 90 = 0.24 W/m²K.
Depth 120 = 0.17 W/m²K.

LPCB
LPS1181:1 Approved 460a/13
